| Alternativnummer         | NBS-ABB-14NIMO-100                                                                                                                                                                  |
| Hersteller               | Nordic BioSite                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                              |
| Kategorie                | Antikörper                                                                                                                                                                          |
| Applikation              | FC, ICC, IF, IHC, WB                                                                                                                                                                |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                   |
| Immunogen                | E. coli-derived human ACSL1 recombinant protein (Position: D604-V698). Human ACSL1 shares 81.1% and 86.3% amino acid (aa) sequence identity with mouse and rat ACSL1, respectively. |
| Konjugation              | Cy3                                                                                                                                                                                 |
| Produktbeschreibung      | Anti-ACSL1 Antibody . Tested in Flow Cytometry, IF, IHC, ICC, WB applications. This antibody reacts with Human, Mouse, Rat....                                                      |
| Klonalität               | Polyclonal                                                                                                                                                                          |
| Konzentration            | 500 ug/ml                                                                                                                                                                           |
| Molekulargewicht         | 77943 MW                                                                                                                                                                            |
| Sensitivitaet            | >5000 cells                                                                                                                                                                         |

|                  |                        |
