| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | FC, ICC, IHC, WB                                                                                                                                                                                                                                             |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | E.coli-derived human APE1 recombinant protein (Position: P2-L318). Human APE1 shares 94% and 93% amino acid (aa) sequence identity with mouse and rat APE1, respectively.                                                                                    |
| Konjugation              | PE                                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Boster Bio Anti-APE1 APEX1 Antibody Picoband (monoclonal, 5C11) catalog M00627. Tested in Flow Cytometry, IHC, ICC, WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior qu... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                   |

|                        |                                                                                                                                                                                                                                 |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Konzentration          | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                       |
| Klon-Bezeichnung       | [Clone: 5C11]                                                                                                                                                                                                                   |
| Molekulargewicht       | 39 kDa                                                                                                                                                                                                                          |
| UniProt                | <a href="#">P27695</a>                                                                                                                                                                                                          |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> .                                                                                                                |
| Reinheit               | Immunogen affinity purified.                                                                                                                                                                                                    |
| Formulierung           | Lyophilized                                                                                                                                                                                                                     |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 0.5-1µg/ml Immunohistochemistry (Frozen Section), 0.5-1µg/ml Immunocytochemistry, 0.5-1µg/ml Flow Cytometry (Fixed), 1-3µg/1x10 <sup>6</sup> cells |
