| Alternativnummer         | BOB-M00651-1-DYLIGHT488-100UG                                                                                                                                                    |
| Hersteller               | Boster Bio                                                                                                                                                                       |
| Wirt                     | Mouse                                                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                                                       |
| Applikation              | ELISA                                                                                                                                                                            |
| Spezies Reaktivität      | Rat                                                                                                                                                                              |
| Immunogen                | E. coli-derived rat IL1RA recombinant protein (Position: H27-Q178). Rat IL1RA shares 77.6% and 90.7% amino acid (aa) sequence identity with human and mouse IL1RA, respectively. |
| Konjugation              | DyLight 488                                                                                                                                                                      |
| Produktbeschreibung      | Boster Bio Anti-IL1RA Antibody Picoband (monoclonal, 12C13) catalog M00651-1. Tested in ELISA applications. This antibody reacts with Rat....                                    |
| Klonalität               | Monoclonal                                                                                                                                                                       |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                        |

|                        |                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------|
| Klon-Bezeichnung       | [Clone: 12C13]                                                                            |
| Molekulargewicht       | 100-110 kDa                                                                               |
| UniProt                | <a href="#">P25086</a>                                                                    |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl and 0.2mg Na <sub>2</sub> HPO <sub>4</sub> . |
| Reinheit               | Immunogen affinity purified.                                                              |
| Formulierung           | Lyophilized                                                                               |
| Application Verdünnung | ELISA (Cap), 1-5µg/ml, Rat                                                                |
