| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | IHC, WB                                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | A synthetic peptide corresponding to a sequence at the N-terminus of human cardiac Troponin C, identical to the related rat and mouse sequences .                                                                                                            |
| Konjugation              | iFluor647                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | Boster Bio Anti-cardiac Troponin C/TNNC1 Antibody catalog PA1779. Tested in IHC, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, a... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |

|                        |                                                                                                                                  |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Konzentration          | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                        |
| Molekulargewicht       | 18 kDa                                                                                                                           |
| UniProt                | <a href="#">P63316</a>                                                                                                           |
| Puffer                 | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg Thimerosal, 0.05mg NaN <sub>3</sub> .    |
| Reinheit               | Immunogen affinity purified.                                                                                                     |
| Formulierung           | Lyophilized                                                                                                                      |
| Application Verdünnung | Immunohistochemistry (Paraffin-embedded Section), 0.5-1µg/ml, Human, Rat, Mouse<br>Western blot, 0.1-0.5µg/ml, Rat, Human, Mouse |
