| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | WB                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle region of human RIP.                                                                                                                                                                           |
| Konjugation              | iFluor647                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | Boster Bio Anti-RIP/RIPK1 Antibody catalog PA2051. Tested in WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong signals with minimal b... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | 76 kDa                                                                                                                                                                                                                                                       |

|                        |                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q13546</a>                                                                       |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl and 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                 |
| Formulierung           | Lyophilized                                                                                  |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human                                                            |
