| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | WB                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of human RSK1 p90, identical to the related rat and mouse sequences.                                                                                                                       |
| Konjugation              | DyLight 488                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Boster Bio Anti-RSK1 p90/RPS6KA1 Antibody catalog PA2052. Tested in WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong sig... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |

|                        |                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Konzentration          | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                     |
| Molekulargewicht       | 83 kDa                                                                                                                        |
| UniProt                | <a href="#">Q15418</a>                                                                                                        |
| Puffer                 | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg Thimerosal, 0.05mg NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                                                  |
| Formulierung           | Lyophilized                                                                                                                   |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human, Mouse, Rat                                                                                 |
