| Kategorie                | Antikörper                                                                                                                                                                                                                                                            |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human, Rat                                                                                                                                                                                                                                                            |
| Immunogen                | A synthetic peptide corresponding to a sequence in the middle<br>region of human MAFA, identical to the related mouse sequence.                                                                                                                                       |
| Konjugation              | Biotin                                                                                                                                                                                                                                                                |
| Produktbeschreibung      | Boster Bio Anti-Transcription factor MafA MAFA Antibody catalog<br>RP1066. Tested in WB applications. This antibody reacts with<br>Human, Rat. The brand Picoband indicates this is a premium<br>antibody that guarantees superior quality, high affinity, and str... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                            |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500<br>µg/ml.                                                                                                                                                                                          |

|                        |                                                                                                              |
|------------------------|--------------------------------------------------------------------------------------------------------------|
| Molekulargewicht       | Calculated Molecular Weight: 36982 MW                                                                        |
| NCBI                   | <a href="#">389692</a>                                                                                       |
| UniProt                | <a href="#">Q8NHW3</a>                                                                                       |
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                                 |
| Formulierung           | Liquid                                                                                                       |
| Target-Kategorie       | Transcription factor MafA                                                                                    |
| Application Verdünnung | Western blot, 0.25-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 2-5µg/ml ELISA, 0.1-0.5µg/ml   |
