| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ICC, IF, WB                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E.coli-derived human BRCA1 recombinant protein (Position: T1681-E1781). Human BRCA1 shares 73.3% and 74.3% amino acid (aa) sequence identity with mouse and rat BRCA1, respectively.                                                                         |
| Konjugation              | DyLight 594                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | Boster Bio Anti-BRCA1 Antibody Picoband catalog A00005. Tested in ICC, IF, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and str... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                        |                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------|
| Molekulargewicht       | 207 kDa                                                                                      |
| UniProt                | <a href="#">P38398</a>                                                                       |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl and 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> . |
| Reinheit               | Immunogen affinity purified.                                                                 |
| Formulierung           | Lyophilized                                                                                  |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml, Human<br>Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human  |
