| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, IHC, WB                                                                                                                                                                                                                                               |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E.coli-derived human FER recombinant protein (Position: M1-R804).                                                                                                                                                                                            |
| Konjugation              | HRP                                                                                                                                                                                                                                                          |
| Produktbeschreibung      | Boster Bio Anti-FER Antibody Picoband catalog A01630-3. Tested in ELISA, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and stron... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | 95 kDa                                                                                                                                                                                                                                                       |

|                        |                                                                                                            |
|------------------------|------------------------------------------------------------------------------------------------------------|
| NCBI                   | <a href="#">2241</a>                                                                                       |
| UniProt                | <a href="#">P16591</a>                                                                                     |
| Puffer                 | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> .                        |
| Reinheit               | Immunogen affinity purified.                                                                               |
| Formulierung           | Liquid                                                                                                     |
| Application Verdünnung | Western blot, 0.25-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 2-5µg/ml ELISA, 0.1-0.5µg/ml |
