| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, ICC, IHC, WB                                                                                                                                                                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E.coli-derived human PTPRE recombinant protein (Position: Q74-H591). Human PTPRE shares 94.2% and 94.8% amino acid (aa) sequence identity with mouse and rat PTPRE, respectively.                                                                            |
| Konjugation              | iFluor647                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | Boster Bio Anti-PTPRE Antibody Picoband catalog A05574-1. Tested in WB, IHC, ICC/IF, Flow Cytometry, ELISA applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior qu... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                        |                                                                                                                                                                                                                                                |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molekulargewicht       | 81 kDa                                                                                                                                                                                                                                         |
| UniProt                | <a href="#">P23469</a>                                                                                                                                                                                                                         |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                                                                                                                                                      |
| Reinheit               | Immunogen affinity purified.                                                                                                                                                                                                                   |
| Formulierung           | Lyophilized                                                                                                                                                                                                                                    |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Human, Mouse, Rat<br>Immunohistochemistry, 2-5 µg/ml, Human, Rat<br>Immunocytochemistry/Immunofluorescence, 5 µg/ml, Human Flow<br>Cytometry (Fixed), 1-3 µg/1x10 <sup>6</sup> cells, Human ELISA, 0.1-0.5 µg/ml |
