| Hersteller               | Boster Bio                                                                                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, WB                                                                                                                                                                                                                                                |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                        |
| Immunogen                | E.coli-derived human FHOD1 recombinant protein (Position: D290-R1121). Human FHOD1 shares 82.2% amino acid (aa) sequence identity with mouse FHOD1.                                                                                                          |
| Konjugation              | iFluor647                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | Boster Bio Anti-FHOD1 Antibody Picoband catalog A07228-1. Tested in WB, Flow Cytometry, ELISA applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                        |                                                                                                                        |
|------------------------|------------------------------------------------------------------------------------------------------------------------|
| Molekulargewicht       | 140 kDa                                                                                                                |
| UniProt                | <a href="#">Q9Y613</a>                                                                                                 |
| Puffer                 | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                              |
| Reinheit               | Immunogen affinity purified.                                                                                           |
| Formulierung           | Lyophilized                                                                                                            |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Human Flow Cytometry (Fixed), 1-3 µg/1x10 <sup>6</sup> cells, Human ELISA, 0.1-0.5 µg/ml |
