| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                       |
| Immunogen                | Recombinant Mouse CX3CL1/Fractalkine Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Gln25-Arg337) of mouse CX3CL1/Fractalkine (Accession NP_033168.2) fused with a 6*His tag at the C-terminus. |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Mouse CX3CL1/Fractalkine protein (Recombinant) (C-His)...                                                                                                                                                                                              |
