| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant Mouse Low-density lipoprotein receptor/LDLR Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ala22-Arg790) of mouse LDLR/LDL Receptor (Accession NP_034830.2) fused with a 6*His tag at the C-terminus. |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                             |
