## Product Datasheet

### Mouse Cathepsin B protein (Recombinant) NBS-PSJ-S86Z9G-10

|                          |                                                                                                                                                   |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Mouse Cathepsin B protein (Recombinant)                                                                                                           |
| Artikelnummer            | NBS-PSJ-S86Z9G-10                                                                                                                                 |
| Hersteller Artikelnummer | PSJ-S86Z9G-10                                                                                                                                     |
| Alternativnummer         | NBS-PSJ-S86Z9G-10                                                                                                                                 |
| Hersteller               | Nordic BioSite                                                                                                                                    |
| Kategorie                | Proteine/Peptide                                                                                                                                  |
| Immunogen                | Optimized DNA sequence encoding mature chain of mouse Cathepsin B (HIS18-PHE339) including a C-terminal His tag was expressed in HEK293 cells. NA |
| Konjugation              | Unconjugated                                                                                                                                      |
| Produktbeschreibung      | Mouse Cathepsin B protein (Recombinant)...                                                                                                        |
| NCBI                     | <a href="#">13030</a>                                                                                                                             |
| UniProt                  | <a href="#">P10605</a>                                                                                                                            |
| Reinheit                 | >95%, as determined by SDS-PAGE and HPLC NA                                                                                                       |
