## Product Datasheet

### **Human TET2 protein (Recombinant) (Please contact us for more information.), Unconjugated NBS-PSJ-UKI7ZS-50**

|                          |                                                                                          |
|--------------------------|------------------------------------------------------------------------------------------|
| Artikelname              | Human TET2 protein (Recombinant) (Please contact us for more information.), Unconjugated |
| Artikelnummer            | NBS-PSJ-UKI7ZS-50                                                                        |
| Hersteller Artikelnummer | PSJ-UKI7ZS-50                                                                            |
| Alternativnummer         | NBS-PSJ-UKI7ZS-50                                                                        |
| Hersteller               | Nordic BioSite                                                                           |
| Kategorie                | Proteine/Peptide                                                                         |
| Immunogen                | Recombinant Human TET2 Protein is produced by HEK293 cells expression system.            |
| Konjugation              | Unconjugated                                                                             |
| Produktbeschreibung      | Human TET2 protein (Recombinant) (Please contact us for more information.)...            |
| Tag                      | FLAG(TM) Tag, HIS Tag                                                                    |
