## Product Datasheet

### MeCP2 isoform 2, Unconjugated, Rabbit, Polyclonal NBS-ASJ-Q4Q3WN-100

|                          |                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------|
| Artikelname              | MeCP2 isoform 2, Unconjugated, Rabbit, Polyclonal                                                           |
| Artikelnummer            | NBS-ASJ-Q4Q3WN-100                                                                                          |
| Hersteller Artikelnummer | ASJ-Q4Q3WN-100                                                                                              |
| Alternativnummer         | NBS-ASJ-Q4Q3WN-100                                                                                          |
| Hersteller               | Nordic BioSite                                                                                              |
| Wirt                     | Rabbit                                                                                                      |
| Kategorie                | Antikörper                                                                                                  |
| Applikation              | ELISA, IF, IHC, IP, WB                                                                                      |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                           |
| Immunogen                | Synthetic peptide taken within amino acid region 436-486 on Methyl-CpG-binding protein 2 isoform 2 protein. |
| Konjugation              | Unconjugated                                                                                                |
| Produktbeschreibung      | Anti-MeCP2 isoform 2 antibody (436-486)...                                                                  |
| Klonalität               | Polyclonal                                                                                                  |
| Konzentration            | 0.50 ug/ul                                                                                                  |
| NCBI                     | <a href="#">4204</a>                                                                                        |
| UniProt                  | <a href="#">P51608</a>                                                                                      |

|                        |                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Tris/glycine buffer at pH 7.4 containing 0.02% sodium azide as preservative, cryo-protective agents, 0.5% stabilizing protein BSA and 30% glycerol. |
| Target-Kategorie       | MeCP2 isoform 2                                                                                                                                     |
| Antibody Type          | Primary Antibody                                                                                                                                    |
| Application Verdünnung | ELISA 1:10, 000, IF 1:100, IHC 1:50-1:100, IP 1:200, WB 1:500                                                                                       |
