| Artikelname              | Histone H3 (Butyryl-K23) polyclonal antibody, Unconjugated, Rabbit Preis auf Anfrage                                                                                 |
| Artikelnummer            | NBS-BT-CGIV67-50                                                                                                                                                     |
| Hersteller Artikelnummer | BT-CGIV67-50                                                                                                                                                         |
| Alternativnummer         | NBS-BT-CGIV67-50                                                                                                                                                     |
| Hersteller               | Nordic BioSite                                                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                                                               |
| Kategorie                | Antikörper                                                                                                                                                           |
| Applikation              | WB                                                                                                                                                                   |
| Spezies Reaktivität      | Bovine, Fish, Gallus, Human, Mouse, Porcine, Rat                                                                                                                     |
| Immunogen                | KLH-conjugated synthetic peptide encompassing a sequence within the N-term region of human Histone H3 with a site at Butyryl-K23. The exact sequence is proprietary. |
| Konjugation              | Unconjugated                                                                                                                                                         |
| Produktbeschreibung      | Histone H3 (Butyryl-K23) polyclonal antibody...                                                                                                                      |
| Molekulargewicht         | ~ 17 kDa                                                                                                                                                             |
| Puffer                   | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                                                            |
| Reinheit                 | The antibody was purified by immunogen affinity chromatography.                                                                                                      |
