| Artikelname              | ERAB (E135) polyclonal antibody, Unconjugated, Rabbit                                                                                                       |
| Artikelnummer            | NBS-BT-G7G8IT-50                                                                                                                                            |
| Hersteller Artikelnummer | BT-G7G8IT-50                                                                                                                                                |
| Alternativnummer         | NBS-BT-G7G8IT-50                                                                                                                                            |
| Hersteller               | Nordic BioSite                                                                                                                                              |
| Wirt                     | Rabbit                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                  |
| Applikation              | IHC, WB                                                                                                                                                     |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                           |
| Immunogen                | Synthetic peptide, corresponding to amino acids 102-150 of Human ERAB.                                                                                      |
| Konjugation              | Unconjugated                                                                                                                                                |
| Produktbeschreibung      | ERAB (E135) polyclonal antibody...                                                                                                                          |
| Molekulargewicht         | ~ 27 kDa                                                                                                                                                    |
| Puffer                   | Rabbit IgG, 1mg/ml in PBS with 0.02% sodium azide, 50% glycerol, pH7.2                                                                                      |
| Reinheit                 | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen and the purity is > 95% (by SDS-PAGE). |
