| Hersteller               | Nordic BioSite                                                                                                                                                                                                                         |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                       |
| Immunogen                | Recombinant Human ErbB-4/HER4 Protein is produced by HEK293 expression system. The target protein is expressed with sequence (Gln26-Arg649) of human Her4/ErbB4 (Accession NP_005226.1) fused with an Fc, 6*His tag at the C-terminus. |
| Produktbeschreibung      | Human ErbB-4/HER4 protein (Recombinant) (C-hFc & His)...                                                                                                                                                                               |
