| Hersteller               | Nordic BioSite                                                                                                                                                                                                                                                 |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                               |
| Immunogen                | Recombinant Human Intrinsic factor/CBLIF Protein is produced by HEK293 Cells expression system. The target protein is expressed with sequence (Ser19-Tyr417) of human Intrinsic factor/CBLIF (Accession NP_005133.2) fused with a 6*His tag at the C-terminus. |
| Produktbeschreibung      | Human Intrinsic factor/CBLIF protein (Recombinant) (C-His)...                                                                                                                                                                                                  |
