| Immunogen                | Recombinant Human Glucose-6-phosphate 1-dehydrogenase/G6PD Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Ala2-Leu515) of human Glucose-6-phosphate 1-dehydrogenase/G6PD (Accession NP_001035810.1) fused with 6*His tag at the C-terminus. |
| Produktbeschreibung      | Human Glucose-6-phosphate 1-dehydrogenase/G6PD protein<br>(Recombinant) (C-His)...                                                                                                                                                                                                                 |
