## Product Datasheet

### Human LILRA3/CD85e protein (Recombinant) (C-His & Avi) {Biotin} NBS-PSJ-LUMPYC-100

|                          |                                                                                                                                                     |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Human LILRA3/CD85e protein (Recombinant) (C-His & Avi) {Biotin}                                                                                     |
| Artikelnummer            | NBS-PSJ-LUMPYC-100                                                                                                                                  |
| Hersteller Artikelnummer | PSJ-LUMPYC-100                                                                                                                                      |
| Alternativnummer         | NBS-PSJ-LUMPYC-100                                                                                                                                  |
| Hersteller               | Nordic BioSite                                                                                                                                      |
| Kategorie                | Proteine/Peptide                                                                                                                                    |
| Immunogen                | Recombinant Biotinylated Human LILRA3/CD85e Protein is expressed from Expi293 with His tag and Avi Tag at the C-terminal.,It contains Gly24-Glu439. |
| Konjugation              | Biotin                                                                                                                                              |
| Produktbeschreibung      | Human LILRA3/CD85e protein (Recombinant) (C-His & Avi) {Biotin}...                                                                                  |
| NCBI                     | <a href="#">11026</a>                                                                                                                               |
| UniProt                  | <a href="#">Q8N6C8</a>                                                                                                                              |
| Reinheit                 | > 95% as determined by Tris-Bis PAGE, > 95% as determined by HPLC                                                                                   |
