| Konjugation              | Biotin                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | CD154 / CD40L (CD40 ligand) is a member of the tumor necrosis factor family, and is expressed primarily on activated CD4+ lymphocytes, but also on mast cells, basophils, eosinophils and human dendritic cells. Its counter-receptor CD40 is expressed on... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [24-31]                                                                                                                                                                                                                                                       |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                                                                   |
| Target-Kategorie         | CD154                                                                                                                                                                                                                                                         |

Anwendungsbeschreibung

Flow cytometry: Recommended dilution: 1-5 µg/ml
