| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                             |
| Produktbeschreibung      | Plays a role in vesicle-mediated secretory processes (PubMed:24843546). Required for normal accumulation of secretory vesicles in hippocampus, pituitary and pancreatic islets (By similarity). Required for the accumulation of normal levels of insulin-<br>... |
| Molekulargewicht         | 59.3 kDa                                                                                                                                                                                                                                                          |
| Tag                      | N-terminal 6xHis-tagged                                                                                                                                                                                                                                           |
| NCBI                     | <a href="#">5798</a>                                                                                                                                                                                                                                              |
| Puffer                   | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 5%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose, pH 8.0.                                |
| Quelle                   | Yeast                                                                                                                                                                                                                                                             |

|              |                                                                                                                                                                                                                                                                             |
