Product Datasheet

Native Aspergillus niger Glucose Oxidase: ~250 U/mg, CAS [[9001-37-0]] CRM-NATE-0311

Artikelname	Native Aspergillus niger Glucose Oxidase: ~250 U/mg, CAS [[9001-37-0]]
Artikelnummer	CRM-NATE-0311
Hersteller Artikelnummer	NATE-0311
Alternativnummer	CRM-NATE-0311-1
Hersteller	Creative BioMart
Kategorie	Biochemikalien
Produktbeschreibung	The glucose oxidase enzyme (GOx) also known as notatin (EC number 1.1.3.4) is an oxido-reductase that catalyses the oxidation of glucose to hydrogen peroxide and D-glucono-delta-lactone. This enzyme is produced by certain species of fungi and insects...
Konzentration	~250 U/mg
CAS Nummer	[9001-37-0]
Anwendungsbeschreibung	Glucose oxidase is widely used in the food and pharmaceutical industries as well as a major component of glucose biosensors.
