### Native Pineapple Bromelain (Food grade): 2,400GDU/g, CAS [[37189-34-7]] CRM-NATE-0665

Artikelname	Native Pineapple Bromelain (Food grade): 2,400GDU/g, CAS [[37189-34-7]]
Artikelnummer	CRM-NATE-0665
Hersteller Artikelnummer	NATE-0665
Alternativnummer	CRM-NATE-0665-1
Hersteller	Creative BioMart
Kategorie	Biochemikalien
Produktbeschreibung	Bromelain is a cysteine endopeptidase with broad specificity for cleavage of proteins. Bromelain may be from a stem or piece of fruit. Stem bromelain (SBM) (EC 3.4.22.32), a proteolytic enzyme, is a widely accepted phytotherapeutical drug member of t...
Konzentration	2,400GDU/g
CAS Nummer	[37189-34-7]
Anwendungsbeschreibung	Bromelain may be used to inhibit the biosynthesis of proinflammatory prostaglandins. It may be used to reduce clotting efficiency. Bromelain, from pineapple stem, has been used to make enzymatic hydrolysates of honeybee-collected pollen.
