| Alternativnummer         | NSJ-RZ1098                                                                                                                                                                                                       |
| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                  |
| Wirt                     | Rabbit                                                                                                                                                                                                           |
| Kategorie                | Antikörper                                                                                                                                                                                                       |
| Applikation              | IHC-P, WB                                                                                                                                                                                                        |
| Spezies Reaktivität      | Zebrafish                                                                                                                                                                                                        |
| Immunogen                | An E.coli-derived zebrafish Gipc1 recombinant protein (amino acids H70-V335) was used as the immunogen for the Zebrafish Gipc1 antibody.                                                                         |
| Produktbeschreibung      | GIPC PDZ domain containing family, member 1 (GIPC1) is a protein that in humans is encoded by the GIPC1 gene. GIPC1 is a scaffolding protein that regulates cell surface receptor expression and trafficking.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                       |
| UniProt                  | <a href="#">Q6B337</a>                                                                                                                                                                                           |
| Puffer                   | Lyophilized from 1X PBS with 2% Trehalose                                                                                                                                                                        |

|                        |                                                                                          |
|------------------------|------------------------------------------------------------------------------------------|
| Reinheit               | Antigen affinity chromatography                                                          |
| Formulierung           | 0.5mg/ml if reconstituted with 0.2ml sterile DI water                                    |
| Antibody Type          | Primary Antibody                                                                         |
| Application Verdünnung | Western blot: 0.5-1 ug/ml,Immunohistochemistry (FFPE): 2-5 ug/ml                         |
| Anwendungsbeschreibung | Optimal dilution of the Zebrafish Gipc1 antibody should be determined by the researcher. |
