| Hersteller               | NSJ Bioreagents                                                                                                                                                                                                                                               |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC-P, WB                                                                                                                                                                                                                                                     |
| Spezies Reaktivität      | Zebrafish                                                                                                                                                                                                                                                     |
| Immunogen                | An E.coli-derived zebrafish DlSt recombinant protein (amino acids D86-M458) was used as the immunogen for the Zebrafish DlSt antibody.                                                                                                                        |
| Produktbeschreibung      | Dihydrolipoyllysine-residue succinyltransferase component of 2-oxoglutarate dehydrogenase complex, mitochondrial is an enzyme that in humans is encoded by the DLST gene. This gene encodes a mitochondrial protein that belongs to the 2-oxoacid dehydrog... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| UniProt                  | <a href="#">Q7ZVL3</a>                                                                                                                                                                                                                                        |
| Puffer                   | Lyophilized from 1X PBS with 2% Trehalose                                                                                                                                                                                                                     |

|                        |                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------|
| Reinheit               | Antigen affinity chromatography                                                         |
| Formulierung           | 0.5mg/ml if reconstituted with 0.2ml sterile DI water                                   |
| Antibody Type          | Primary Antibody                                                                        |
| Application Verdünnung | Western blot: 0.5-1 ug/ml,Immunohistochemistry (FFPE): 2-5 ug/ml                        |
| Anwendungsbeschreibung | Optimal dilution of the Zebrafish Dlst antibody should be determined by the researcher. |
