## Product Datasheet

### **c-Kit antibody [104D2] (FITC), IgG1, Mouse, Monoclonal GTX00465-06**

|                          |                                                                                               |
|--------------------------|-----------------------------------------------------------------------------------------------|
| Artikelname              | c-Kit antibody [104D2] (FITC), IgG1, Mouse, Monoclonal                                        |
| Artikelnummer            | GTX00465-06                                                                                   |
| Hersteller Artikelnummer | GTX00465-06                                                                                   |
| Alternativnummer         | GTX00465-06-100                                                                               |
| Hersteller               | GeneTex                                                                                       |
| Wirt                     | Mouse                                                                                         |
| Kategorie                | Antikörper                                                                                    |
| Applikation              | FC                                                                                            |
| Spezies Reaktivität      | Bovine, Human, Primate                                                                        |
| Immunogen                | MOLM-1 megakaryocytic cells                                                                   |
| Konjugation              | FITC                                                                                          |
| Klonalität               | Monoclonal                                                                                    |
| Konzentration            | Batch dependent (Please refer to the vial label for the specific concentration.)              |
| Klon-Bezeichnung         | [104D2]                                                                                       |
| Isotyp                   | IgG1                                                                                          |
| Sensitivitaet            | The mouse monoclonal antibody 104D2 detects extracellular part of CD117 / c-Kit protooncogen. |
| NCBI                     | <a href="#">3815</a>                                                                          |

|                        |                                                                                                                                                                                                  |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">P10721</a>                                                                                                                                                                           |
| Puffer                 | PBS, 15mM Sodium azide.                                                                                                                                                                          |
| Reinheit               | Purified by size-exclusion chromatography                                                                                                                                                        |
| Formulierung           | Liquid                                                                                                                                                                                           |
| Anwendungsbeschreibung | FCM: 20 µl reagent / 100 µl of whole blood or 10 <sup>6</sup> cells in a suspension. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
