## Product Datasheet

### Respiratory Syncytial virus antibody, Unconjugated, Goat, Polyclonal GTX36603

|                          |                                                                            |
|--------------------------|----------------------------------------------------------------------------|
| Artikelname              | Respiratory Syncytial virus antibody, Unconjugated, Goat, Polyclonal       |
| Artikelnummer            | GTX36603                                                                   |
| Hersteller Artikelnummer | GTX36603                                                                   |
| Alternativnummer         | GTX36603-500                                                               |
| Hersteller               | GeneTex                                                                    |
| Wirt                     | Goat                                                                       |
| Kategorie                | Antikörper                                                                 |
| Applikation              | ELISA, ICC, IHC, NeA                                                       |
| Spezies Reaktivität      | Virus                                                                      |
| Immunogen                | Human RSV isolate, confirmed                                               |
| Konjugation              | Unconjugated                                                               |
| Klonalität               | Polyclonal                                                                 |
| Konzentration            | 4-5 mg/ml (Please refer to the vial label for the specific concentration.) |
| Puffer                   | PBS, 0.1% Sodium azide.                                                    |
| Reinheit                 | IgG fraction                                                               |
| Formulierung             | Liquid                                                                     |

|                        |                                                                                                                                                                               |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | ICC/IF: 1:480. ELISA: 1:10000. Neutralizing/Inhibition: 1:256.<br>*Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
