| Artikelname              | p41-ARCb antibody, N-term, Unconjugated, Goat, Polyclonal                                                  |
| Artikelnummer            | GTX89664                                                                                                   |
| Hersteller Artikelnummer | GTX89664                                                                                                   |
| Alternativnummer         | GTX89664-100                                                                                               |
| Hersteller               | GeneTex                                                                                                    |
| Wirt                     | Goat                                                                                                       |
| Kategorie                | Antikörper                                                                                                 |
| Applikation              | IHC-P, WB                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                      |
| Immunogen                | Peptide with sequence AYHSFLVEPISCH, from the N Terminus of the protein sequence according to NP_005711.1. |
| Konjugation              | Unconjugated                                                                                               |
| Klonalität               | Polyclonal                                                                                                 |
| Konzentration            | 0.50 mg/ml (Please refer to the vial label for the specific concentration.)                                |
| Molekulargewicht         | 41                                                                                                         |
| NCBI                     | <a href="#">10095</a>                                                                                      |
| UniProt                  | <a href="#">O15143</a>                                                                                     |
| Puffer                   | TBS, 0.5% BSA, 0.02% Sodium azide.                                                                         |

|                        |                                                                                                                                          |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Reinheit               | Purified by ammonium sulphate precipitation followed by antigen affinity chromatography                                                  |
| Formulierung           | Liquid                                                                                                                                   |
| Anwendungsbeschreibung | WB: 2-4µg/ml. IHC-P: 5µg/ml. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
