| Kategorie                | Kits/Assays                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                                  |
| Produktbeschreibung      | The GENLISA Human Protectin (CD59) ELISA includes features like:<br>Ready to use protocol with break-apart wells for ease of use<br>Standardisation and High Reproducibility Lot to Lot Consistency<br>Accuracy and Precision Validated against seven points for a ... |
| Detektionsbereich        | 12.5 - 800 pg/ml                                                                                                                                                                                                                                                       |
| Sensitivitaet            | 6 pg/ml                                                                                                                                                                                                                                                                |
| Proben                   | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids. For tear samples, please connect with us to discuss further.                                                                                                     |
| Anwendungsbeschreibung   | Colorimetric, Absorbance measured at 450nm                                                                                                                                                                                                                             |
