

## Product Datasheet

### **IGF-II Protein, Human, Recombinant 50 µg sin-13032-hnay-50-ug**

Artikelname	IGF-II Protein, Human, Recombinant 50 µg
Artikelnummer	sin-13032-hnay-50-ug
Hersteller Artikelnummer	13032-hnay-50-ug
Hersteller	Sino Biological
Wirt	Yeast
Kategorie	Proteine/Peptide
Molekulargewicht	The recombinant human IGF2 consists 67 amino acids and predicts a molecular mass of 7.5 kDa.
NCBI	ADO21454.1
Quelle	A DNA sequence encoding the human IGF2 (ADO21454.1) (Ala25-Glu91) was expressed.
Lagerung	Store it under sterile conditions at -20°C to -80°C. It is recommended that the protein be aliquoted for optimal storage. Avoid repeated freeze-thaw cycles.
