| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | human T cell line CCRF-CEM                                                                                                                                                                                                                                    |
| Konjugation              | CF 740                                                                                                                                                                                                                                                        |
| Produktbeschreibung      | CD38 is a type II transmembrane glycoprotein that is present on early B- and T-cell lineages and activated B- and T-cells but is absent from most mature resting peripheral lymphocytes. CD38 is also found on thymocytes, pre-B cells, germinal center B-... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/mL                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [AT1]                                                                                                                                                                                                                                                         |

|                  |                                               |
