## Product Datasheet

### InVivoPlus anti-mouse VISTA, Clone: [13F3], Hamster, Monoclonal BXC-BP0310

|                          |                                                                                        |
|--------------------------|----------------------------------------------------------------------------------------|
| Artikelname              | InVivoPlus anti-mouse VISTA, Clone: [13F3], Hamster, Monoclonal                        |
| Artikelnummer            | BXC-BP0310                                                                             |
| Hersteller Artikelnummer | BP0310                                                                                 |
| Alternativnummer         | BXC-BP0310-5MG,BXC-BP0310-25MG,BXC-BP0310-50MG,BXC-BP0310-100MG                        |
| Hersteller               | Bio X Cell                                                                             |
| Wirt                     | Hamster                                                                                |
| Kategorie                | Antikörper                                                                             |
| Spezies Reaktivität      | Mouse                                                                                  |
| Immunogen                | EL4 cells overexpressing mouse VISTA-RFP and then boosted with VISTA-Ig fusion protein |
| Klonalität               | Monoclonal                                                                             |
| Konzentration            | Lot specific,typically between 4-11 mg/ml                                              |
| Klon-Bezeichnung         | [13F3]                                                                                 |
| Molekulargewicht         | 150 kDa                                                                                |
| Pubmed                   | <a href=https://pubmed.ncbi.nlm.nih.gov/31940493 target=_blank rel=nofollow>31940493   |
| Puffer                   | PBS, pH 7.0, Contains no stabilizers or preservatives                                  |
| Reinheit                 | 95% , Determined by SDS-PAGE                                                           |

|                        |                                                                                           |
|------------------------|-------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                    |
| Formel                 | PBS, pH 7.0, Contains no stabilizers or preservatives                                     |
| Target-Kategorie       | VISTA                                                                                     |
| Anwendungsbeschreibung | in vivo blocking of VISTA signaling, in vitro blocking of VISTA signaling, Flow cytometry |
