## Product Datasheet

### **Cadherin-3, Cynomolgus (HEK293, His, solution) MCE-HY-P700974Y**

|                          |                                                                                                                                                                                          |

| Artikelname              | Cadherin-3, Cynomolgus (HEK293, His, solution)                                                                                                                                           |
| Artikelnummer            | MCE-HY-P700974Y                                                                                                                                                                          |
| Hersteller Artikelnummer | HY-P700974Y                                                                                                                                                                              |
| Alternativnummer         | MCE-HY-P700974Y-100UG                                                                                                                                                                    |
| Hersteller               | MedchemExpress                                                                                                                                                                           |
| Kategorie                | Proteine/Peptide                                                                                                                                                                         |
| Produktbeschreibung      | Anti-CDH3 Antibody, hFc Tag captured on CM5 Chip via Protein A can bind Cynomolgus CDH3, His Tag with an affinity constant of 1.27 $\mu$ M as determined in SPR assay (Biacore T200).... |
| Molekulargewicht         | Approximately 70-80 kDa, based on SDS-PAGE under reducing conditions, due to the glycosylation.                                                                                          |
| Reinheit                 | 95.00                                                                                                                                                                                    |
| Formel                   | 102142204(Gene_ID)XP_005592414.1 (D108-G654)(Accession)                                                                                                                                  |
| Anwendungsbeschreibung   | MCE Product type: Recombinant Proteins                                                                                                                                                   |
