| Kategorie                | Antikörper                                                                                                                                                                                    |
| Applikation              | ICC, WB                                                                                                                                                                                       |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                             |
| Konjugation              | Unconjugated                                                                                                                                                                                  |
| Produktbeschreibung      | GABA, the major inhibitory neurotransmitter in the vertebrate brain, mediates neuronal inhibition by binding to the GABA/benzodiazepine receptor and opening an integral chloride channel.... |
| Klonalität               | Monoclonal                                                                                                                                                                                    |
| Molekulargewicht         | Calculated MW: 52 kDa , Observed MW: 70 kDa                                                                                                                                                   |
| UniProt                  | <a href="#">P31644</a>                                                                                                                                                                        |
| Puffer                   | Purified antibody in PBS with 0.05% sodium azide,0.05% BSA and 50% glycerol.                                                                                                                  |
| Reinheit                 | Affinity Purification                                                                                                                                                                         |

|                        |                                 |
|------------------------|---------------------------------|
| Formulierung           | Liquid                          |
| Target-Kategorie       | GABA A Receptor alpha 5         |
| Application Verdünnung | WB 1:1000-1:2000,ICC 1:50-1:200 |
