| Alternativnummer         | ABB-RP10080LQ-50UG, ABB-RP10080LQ-25UG                                                                                                                                                                                                                        |
| Hersteller               | ABclonal                                                                                                                                                                                                                                                      |
| Wirt                     | E. coli                                                                                                                                                                                                                                                       |
| Kategorie                | Proteine/Peptide                                                                                                                                                                                                                                              |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Produktbeschreibung      | Ubiquitin (Ub) is a 76 amino acid protein widely expressed in the cytoplasmic and nucleus of cells. Ub is posttranslationally conjugated to proteins by the E1, E2, E3 protein ubiquitination cascade. Ub can be conjugated on proteins as monoUb or polyU... |
| Konzentration            | Please contact us for more information.                                                                                                                                                                                                                       |
| Reinheit                 | 95% as determined by reducing SDS-PAGE.                                                                                                                                                                                                                       |
| Formulierung             | 20 mM Tris, 150 mM NaCl, 2 mM betaME, 10% Glycerol                                                                                                                                                                                                            |
| Target-Kategorie         | Ubiquitin (K63R)                                                                                                                                                                                                                                              |
| Application Verdünnung   | 20 mM Tris, 150 mM NaCl, 2 mM betaME, 10% Glycerol                                                                                                                                                                                                            |
| Anwendungsbeschreibung   | ResearchArea: Ubiquitination related reagent                                                                                                                                                                                                                  |
