### Recombinant Human Death Associated Protein 3/DAP-3 RAY-230-00762-100

|                          |                                                                                                        |
|--------------------------|--------------------------------------------------------------------------------------------------------|
| Artikelname              | Recombinant Human Death Associated Protein 3/DAP-3                                                     |
| Artikelnummer            | RAY-230-00762-100                                                                                      |
| Hersteller Artikelnummer | 230-00762-100                                                                                          |
| Alternativnummer         | RAY-230-00762-100                                                                                      |
| Hersteller               | RayBiotech                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                       |
| Spezies Reaktivität      | Human                                                                                                  |
| Produktbeschreibung      | Recombinant human death associated protein 3/DAP-3 protein derived from E.coli...                      |
| Konzentration            | Lot specific (see the label on the vial), determined by Bio-Rad protein assay dye reagent concentrate. |
| Molekulargewicht         | 46 kDa                                                                                                 |
| Tag                      | His                                                                                                    |
| NCBI                     | <a href="#">7818</a>                                                                                   |
| Expression System        | E. coli                                                                                                |
| Reinheit                 | SDS-PAGE under reducing conditions and visualized by Coomassie blue staining                           |
| Formulierung             | Liquid                                                                                                 |
| Sequenz                  | Gly19-Leu398                                                                                           |

|                        |                                                                                                                                    |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Formel                 | Supplied as a 0.45 µm filtered solution in 50 mM NaH <sub>2</sub> PO <sub>4</sub> (pH 7.4), 0.3 M NaCl, 80 mM imidazole, 6 M urea. |
| Anwendungsbeschreibung | Not applicable                                                                                                                     |
