| Artikelname              | Recombinant Human Tyrosine-protein Kinase Receptor UFO/AXL oncogene, ECD domain                                                        |
| Artikelnummer            | RAY-230-01160-10                                                                                                                       |
| Hersteller Artikelnummer | 230-01160-10                                                                                                                           |
| Alternativnummer         | RAY-230-01160-10                                                                                                                       |
| Hersteller               | RayBiotech                                                                                                                             |
| Kategorie                | Proteine/Peptide                                                                                                                       |
| Spezies Reaktivität      | Human                                                                                                                                  |
| Produktbeschreibung      | Recombinant human tyrosine-protein kinase receptor UFO/AXL oncogene, N-terminal ECD domain protein with His-tag derived from E.coli... |
| Konzentration            | Refer to the label on the vial for the specific concentration, determined by Bio-Rad Bradford protein dye reagent concentrate.         |
| Molekulargewicht         | 54 kDa                                                                                                                                 |
| Tag                      | N-terminal His-tag                                                                                                                     |
| Expression System        | E. coli                                                                                                                                |
| Reinheit                 | SDS-PAGE under reducing conditions and visualized by Coomassie blue staining                                                           |
| Formulierung             | Liquid                                                                                                                                 |

|         |                                                                                                                                                                           |
|---------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Sequenz | Ala26-Trp451                                                                                                                                                              |
| Formel  | Supplied as a 0.2 µm filtered solution in 15 mM Na <sub>2</sub> HPO <sub>4</sub> (pH 7.4), 5 mM NaH <sub>2</sub> PO <sub>4</sub> , 0.5 M NaCl, 40 mM imidazole, 6 M urea. |
