| Spezies Reaktivität      | Virus                                                                                                                                                                                                                                                                                                                                             |
| Immunogen                | Immunogen was recombinant SARS-CoV-2 Spike protein, S1 Subunit derived from E.coli. This antibody was produced from a hybridoma resulting from the fusion of a mouse myeloma with B cells obtained from a mouse immunized with the immunogen. The IgG fraction of tissue culture supernatant was purified by Protein G/A affinity chromatography. |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                                                                                                        |
| Klon-Bezeichnung         | [1F2-A7-D9-A1]                                                                                                                                                                                                                                                                                                                                    |
| UniProt                  | QHD43416                                                                                                                                                                                                                                                                                                                                          |
| Anwendungsbeschreibung   | ELISA (recommended work dilution = 1:320,000)                                                                                                                                                                                                                                                                                                     |
