Product Datasheet

Epithelial Neutrophil-Activating Protein 78, Human Recombinant (CXCL5) RAY-228-10375-2

Artikelname	Epithelial Neutrophil-Activating Protein 78, Human Recombinant (CXCL5)
Artikelnummer	RAY-228-10375-2
Hersteller Artikelnummer	228-10375-2
Alternativnummer	RAY-228-10375-2
Hersteller	RayBiotech
Kategorie	Proteine/Peptide
Spezies Reaktivität	Human
NCBI	6374
Expression System	E. coli
Reinheit	Greater than 95.0% as determined by:(a) Analysis by RP-HPLC.(b) Analysis by SDS-PAGE.
Formulierung	Sterile Filtered White Lyophilized (freeze-dried) powder.
Sequenz	The sequence of the first five N-terminal amino acids was determined and was found to be, Ala- Ala -Val-Leu-Arg.
Formel	The CXCL5 was lyophilized from a concentrated (1mg/ml) solution in water containing no additives.
