| Kategorie                | Biochemikalien                                                                                                                                                                                                                                                |
| Produktbeschreibung      | Stereospecific condensation of phosphoenolpyruvate (PEP) and D-erythrose-4-phosphate (E4P) giving rise to 3-deoxy-D-arabino-heptulosonate-7-phosphate (DAHP). DAHP synthase Protein, E. coli, Recombinant (His) is expressed in E. coli expression system ... |
| Molekulargewicht         | 42.8 kDa (predicted)                                                                                                                                                                                                                                          |
