| Hersteller               | TargetMol                                                                                                                                                                                                                          |
| Kategorie                | Biochemikalien                                                                                                                                                                                                                     |
| Produktbeschreibung      | Acts as an intracellular estrogen-binding protein. May be involved in modulating cellular levels and biological functions of estrogens in the pancreas. May act as a chaperone that inhibits aggregation of misfolded proteins.... |
| Molekulargewicht         | 72.2 kDa (predicted)                                                                                                                                                                                                               |
