| Kategorie                | Biochemikalien                                                                                                                                                                                                                    |
| Produktbeschreibung      | SARS-CoV-2 Spike S1 Protein (HV69-70 deletion & Y144 deletion & N501Y & A570D & D614G & P681H, His) is expressed in HEK293 mammalian cells. The predicted molecular weight is 76.1 kDa and the accession number is A0A6G7K2L4.... |
| Molekulargewicht         | 76.1 kDa (predicted), 112.2 kDa (reducing condition, due to glycosylation)                                                                                                                                                        |
