| Kategorie                | Biochemikalien                                                                                                                                                                                                                              |
| Produktbeschreibung      | SARS-CoV-2 Spike S1+S2 Protein (E154K & L452R & E484Q & D614G & P681R & E1072K & K1073R, His) is expressed in Baculovirus insect cells with His tag. The predicted molecular weight is 134.5 kDa and the accession number is A0A6G7K2L4.... |
| Molekulargewicht         | 134.5 kDa (predicted)                                                                                                                                                                                                                       |
