| Alternativnummer         | USB-123844-HRP-100                                                                                                                                                                                                                                            |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA, IHC                                                                                                                                                                                                                                                    |
| Immunogen                | Partial recombinant corresponding to aa1384-1484 from BAZ1B (NP_075381) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                        |
| Produktbeschreibung      | This gene encodes a member of the bromodomain protein family. The bromodomain is a structural motif characteristic of proteins involved in chromatin-dependent regulation of transcription. This gene is deleted in Williams-Beuren syndrome, a developmen... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [5E9]                                                                                                                                                                                                                                                         |

|              |                                                                                                        |
|--------------|--------------------------------------------------------------------------------------------------------|
| NCBI         | <a href="#">023005</a>                                                                                 |
| Reinheit     | Purified by Protein A affinity chromatography.                                                         |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with horseradish peroxidase (HRP). |
