| Artikelnummer            | USB-126150-APC                                                                                                                                                                                                                                                |
| Hersteller Artikelnummer | 126150-APC                                                                                                                                                                                                                                                    |
| Alternativnummer         | USB-126150-APC-100                                                                                                                                                                                                                                            |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Partial recombinant corresponding to aa64-179 from human EDAR (NP_071731) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                      |
| Produktbeschreibung      | The TNF family ligand ectodysplasin A (EDA) and its receptor EDAR are required for proper development of skin appendages such as hair, teeth and eccrine sweat glands. Loss of function mutations in the Eda gene cause X-linked hypohidrotic ectodermal d... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [6C12]                                                                                                                                                                                                                                                        |

|              |                                                                          |
|--------------|--------------------------------------------------------------------------|
| NCBI         | <a href="#">022336</a>                                                   |
| Reinheit     | Purified by Protein A affinity chromatography.                           |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. Labeled with Allophycocyanin (APC). |
