## Product Datasheet

**NFE2 (Transcription Factor NF-E2 45kD Subunit, Leucine Zipper Protein NF-E2, Nuclear Factor, Erythroid-derived 2 45kD Subunit, p45 NF-E2) (MaxLight 490), Clone: [2C6], Mouse, Monoclonal USB-130329-ML490**

|                          |                                                                                                                                                                                                                                                               |

| Alternativnummer         | USB-130329-ML490-100                                                                                                                                                                                                                                          |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Full length recombinant corresponding to aa1-374 from human NFE2 (AAH05044) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                    |
| Produktbeschreibung      | MaxLight(TM)490 is a new Blue-Green photostable dye conjugate comparable to DyLight(TM)488, Alexa Fluor(TM)488 and offers better labeling efficiency, brighter imaging and increased immunodetection. Absorbance (491nm), Emission (515nm), Extinction Coe... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [2C6]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">005044</a>                                                                                                                                                                                                                                        |

|              |                                                                                           |
|--------------|-------------------------------------------------------------------------------------------|
| Reinheit     | Purified by Protein A affinity chromatography.                                            |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with MaxLight(TM)490. |
