| Alternativnummer         | USB-131172-FITC-100                                                                                                                                                                                                                                           |
| Hersteller               | US Biological                                                                                                                                                                                                                                                 |
| Wirt                     | Mouse                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FLISA, WB                                                                                                                                                                                                                                                     |
| Immunogen                | Full length recombinant corresponding to human PEX19, aa1-300 (AAH00496) with GST tag. MW of the GST tag alone is 26kD.                                                                                                                                       |
| Produktbeschreibung      | This gene is necessary for early peroxisomal biogenesis. It acts both as a cytosolic chaperone and as an import receptor for peroxisomal membrane proteins (PMPs). Peroxins (PEXs) are proteins that are essential for the assembly of functional peroxiso... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [2E4]                                                                                                                                                                                                                                                         |
| NCBI                     | <a href="#">000496</a>                                                                                                                                                                                                                                        |

|              |                                                                                                             |
|--------------|-------------------------------------------------------------------------------------------------------------|
| Reinheit     | Purified by Protein A affinity chromatography.                                                              |
| Formulierung | Supplied as a liquid in PBS, pH 7.2. No preservative added. Labeled with Fluorescein isothiocyanate (FITC). |
